(End of clause)

**AQD Custom Clause – Contractor Performance Assessment Reporting System (December 2015)**

1. FAR 42.1502 directs all Federal agencies to collect past performance information on contracts. The Department of the Interior (DOI) has implemented the Contractor Performance Assessment Reporting System (CPARS) to comply with this regulation. One or more past performance evaluations will be conducted in order to record your contract performance as required by FAR 42.15.

2. The past performance evaluation process is a totally paperless process using CPARS. CPARS is a web-based system that allows for electronic processing of the performance evaluation report. Once the report is processed, it is available in the Past Performance Information Retrieval System (PPIRS) for Government use in evaluating past performance as part of a source selection action.

3. We request that you furnish the Contracting Officer (CO) with the name, position title, phone number, and email address for each person designated to have access to your firm's past performance evaluation(s) for the contract no later than 30 days after award. Each person granted access will have the ability to provide comments in the Contractor portion of the report and state whether or not the Contractor agrees with the evaluation, before returning the report to the Assessing Official (AO). Information in the report must be protected as source selection sensitive information not releasable to the public.

4. When your Contractor Representative(s) are registered in CPARS, they will receive an automatically generated email with detailed login instructions. Further details, systems requirements, and training information for CPARS is available at https://www.cpars.gov/.

5. Within 60 days after the end of a performance period, the AO will complete an interim or final past performance evaluation, and the report will be accessible at https://www.cpars.gov/.

a. Contractor Representatives may then provide comments in response to the evaluation, or return the evaluation without comment.

b. Your comments should focus on objective facts in the AO's narrative and should provide your views on the causes and ramifications of the assessed performance.

c. All information provided should be reviewed for accuracy prior to submission.

d. If you elect not to provide comments, please acknowledge receipt of the evaluation by indicating "No comment" in the space provided, and then selecting “Accept the Ratings and Close the Evaluation”.

e. Your response is due within 60 calendar days after receipt of the CPAR. On day 15, the evaluation will become available in PPIRS-RC marked as “Pending” with or without comments and whether or not it has been closed.

f. If you do not sign and submit the CPAR within 60 days, it will automatically be returned to the Government and will be annotated: "The report was delivered/received by the contractor on (date). The contractor neither signed nor offered comment in response to this assessment."

6. The following guidelines apply concerning your use of the past performance evaluation:

a. Protect the evaluation as source selection information. After review, transmit the evaluation by completing and submitting the form through CPARS. If for some reason you are unable to view and/or submit the form through CPARS, contact the CO for instructions.

b. Strictly control access to the evaluation within your organization. Ensure the evaluation is never released to persons or entities outside of your control.

c. Prohibit the use of or reference to evaluation data for advertising, promotional material, pre-award surveys, responsibility determinations, production readiness reviews, or other similar purposes.

7. If you wish to discuss a past performance evaluation, you should request a meeting in writing to the CO no later than seven days following your receipt of the evaluation. The meeting will be held in person or via telephone or other means during your 60-day review period.

8. A copy of the completed past performance evaluation will be available in CPARS for your viewing and for Government use supporting source selection actions after it has been finalized.

**FAR 52.252-1 – Solicitation Provisions Incorporated by Reference (Feb 1998)**

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quote or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quote or offer. Also, the full text of a solicitation provision may be accessed electronically at these addresses:

**Provisions Incorporated by Full Text**

**FAR 52.209-7 – Information Regarding Responsibility Matters (May 2026) (DEVIATION RFO)**

(a) Definitions. As used in this provision—

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Federal contracts and grants with total value greater than $10,000,000 means—

(1) The total value of all current, active contracts and grants, including all priced options; and

(2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror □ has □ does not have current active Federal contracts and grants with total value greater than $10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:

(i) In a criminal proceeding, a conviction.

(ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of $5,000 or more.

(iii) In an administrative proceeding, a finding of fault and liability that results in–

(A) The payment of a monetary fine or penalty of $5,000 or more; or

(B) The payment of a reimbursement, restitution, or damages in excess of $100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Vendor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via https://www.sam.gov (see 52.204-7).

(End of provision)

**FAR 52.216-1 Type of Contract (Apr 1984)**

The Government contemplates award of a **Firm-Fixed-Price** task order resulting from this solicitation.

(End of provision)

**FAR 52.229-11 – Tax on Certain Foreign Procurements—Notice and Representation (Oct 2025) (DEVIATION RFO)**

(a) Definitions. As used in this provision—

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

United States person as defined in 26 U.S.C. 7701(a)(30) means

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if–

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It [_] is [_] is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that—I am claiming on the IRS Form W-14 [__] a full exemption, or [__] partial or no exemption [Offeror shall select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then—

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.
(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.
(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to https://www.irs.gov/help/tax-law-questions.

(End of provision)

**FAR 52.233-2 – Service of Protest Department of the Interior (Jul 1996) (Deviation)**
(a) Protests, as defined in section 33.101 of the Federal Acquisition Regulation, that are filed directly with an agency, and copies of any protests that are filed with the Government Accountability Office (GAO), shall be served on the Contracting Officer (addressed as follows) by obtaining written and dated acknowledgment of receipt from:

Sarah Ignacio
Contracting Officer
Acquisition Services Directorate
Sarah_Ignacio@ibc.doi.gov

(b) The copy of any protest shall be received in the office designated above within one day of filing a protest with the GAO.
(c) A copy of the protest served on the Contracting Officer shall be simultaneously furnished by the protester to the Department of the Interior Assistant Solicitor, Acquisitions and Intellectual Property, 1849 C Street, NW, Room 6511, Washington, DC 20240.

(End of provision)

**FAR 52.252-5 – Authorized Deviations in Provisions (Nov 2020)**
(a) The use in this solicitation of any Federal Acquisition Regulation (48 CFR Chapter 1) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the provision.
(b) The use in this solicitation of any Department of the Interior Acquisition Regulation (48 CFR Chapter 14) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of provision)

**Submission Requirements and Evaluation Criteria**

**ADDENDUM TO FAR 52.212-1, Instructions to Offerors – Commercial Products and Commercial Services - RFO Deviation (Mar 2026)**

1.1 Addendum to FAR 52.212-1(b), Submission of offers. Quoters shall submit an electronic copy of the dated offer via email to Contracting Officer, Sarah Ignacio at sarah_ignacio@ibc.doi.gov with solicitation number 140D0427Q0915 in the subject block by **the time specified in Section 1 of this RFQ.**

1.2 Solicitation Questions/Clarifications. Address all written questions or concerns you may have via email to Contracting Officer, Sarah Ignacio at sarah_ignacio@ibc.doi.gov. Any questions submitted shall identify the pertinent document (i.e. Statement of Work, Solicitation Amendment, Solicitation Attachment, etc.) and include the applicable page number, paragraph number, and/or reference with each question.

Questions regarding specific verbiage or content in the solicitation package shall include excerpts or examples from the subject matter to ensure the question is clearly conveyed.

**All questions are due by the time specified in Section 1 of this RFQ.** Any questions received after this date/time will not be answered.

1.3 Quote preparation instructions: The contractor shall submit the following information with their quote.

**Quote Content / Submission Requirements**

- Submit two separate volumes – Volume I: General and Technical and Volume II: Price
- **Do not include any price-related information in Volume I, or technical information in Volume II.**
- Title subject line for quote submissions shall contain the solicitation number and project title, per the following example: Subject: *140D0427Q0915, Scaffolding for Chalmette Monument*
- Quoters must submit Volume I as a distinct, standalone document within their single-phase proposal package. Volume I shall not exceed **twenty-five (25) pages** (inclusive of all narrative text, charts, and schedules).
- **Exclusions from Page Count:** Structural engineering drawings, scaffolding layout schematics, and manufacturer specifications for the 1-ton electric hoist are excluded from the page count limit.
- **Font and Layout:** Text must be a minimum of 11-point font, single-spaced, with 1-inch margins.

| Volume | Section |

| | Section 3: Evidence of Ability to Obtain Bonding |

***Subfactors A, B, and C will be rolled up into one Confidence Rating under Factor 1: Technical and Engineering Approach.***
***Factor 2: Past Performance will receive a Confidence Rating.***
***Reference the Confidence Rating Definitions chart below.***

***SUBMISSION REQUIREMENTS:***

**Volume I, Section 1: General**
This section shall include a cover sheet. This cover sheet shall include the information listed below in letters A - P:

A. Name of Company
B. Address
C. City, state, zip code
D. Unique Entity ID (UEI) Number
E. Taxpayer Identification Number (TIN)
F. Socioeconomic status
G. Point of contact (primary and alternate)
H. Telephone number
I. Email address
J. Solicitation number
K. Date of quote
L. Name of any subcontractors and their socioeconomic status, if applicable
M. Prompt payment terms
N. A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation, including all amendments (as applicable)
O. Names and contact information of persons authorized to negotiate on the Quoter's behalf
P. A statement that the Quote expires no sooner than 90 days after submission

**Volume I, Section 2: Completed Provisions**
This solicitation contains the following provisions that the Quoter must complete and return with its submission (see this RFQ for each provision in full text):

- RFO Deviation 52.209-7 (May 2026) – Information Regarding Responsibility Matters
- RFO Deviation 52.229-11(Oct 2025) – Tax on Certain Foreign Procurements-Notice and Representation

**Volume I, Section 3: Annual Representations & Certifications**

Representation and Certifications. Quoters shall complete their annual representations and certifications online at www.sam.gov in the System for Award Management (SAM).

**Volume I, Section 4: Technical Quote for Factor 1 Subfactors A-C and Factor 2:**

The Quoter shall submit the following information as listed below. Failure to comply with what is included in the list may result in a technically unacceptable submission and the Government may reject the quote.

**VOLUME 1 SECTION 4: TECHNICAL AND ENGINEERING APPROACH - FACTOR 1:**

Submit the information for Subfactors A-C below:

**SUBFACTOR A - SCHEMATIC SCAFFOLD PLAN**

The Quoter shall submit a schematic scaffold plan that demonstrates its ability to meet the Government's requirements as articulated in this solicitation. Engineered stamped drawings are not required as part of the quote and will be required only after award in accordance with the Statement of Work (SOW). The schematic plan shall meet the requirements of the SOW and provide sufficient information for the Government to determine its level of confidence in the Quoter's ability to perform the requirements of the RFQ.

**SUBFACTOR B - ABILITY TO MEET INSTALLATION DATE**

Quoters shall provide a schedule with sufficient information for the Government to determine its level of confidence in the ability of the Quoter to meet the mobilization and demobilization dates included in the SOW. Schedule must include an approximate freight delivery schedule.

**SUBFACTOR C - MOBILIZATION AND SITE PROTECTION**

Quoters shall provide a detailed mobilization plan with sufficient information for the Government to determine its level of confidence in the Quoter's ability to perform the requirements of the RFQ. The mobilization plan should also address protection of historic resources and measures used to avoid physical impacts to the monument during mobilization and scaffolding erection and dismantling.

**VOLUME 1 SECTION 5: PAST PERFORMANCE - FACTOR 2:**

Quoters shall provide a brief narrative describing past contracts of relevant projects. Relevant contracts include performance of efforts that are similar in scope and complexity involving sensitive historic structures, sculptures, architectural details, or surrounding landscapes. Include a minimum of one (1) and a maximum of three (3) relevant projects completed within the last five (5) years as of the solicitation due date. Relevance is discussed further below.

Each project profile must contain the following information:

**Project Profile Details:**

- Contract Number, Agency/Client Name, and Point of Contact (including current email and phone number).
- Initial and Final Contract Dollar Value.
- Period of Performance dates.

The Quoter shall briefly explain how each example project is relevant to the statement of work for this requirement. In assessing relevance, in addition to the degree of similarity in scope and complexity as described above, the Government may also consider similarities such as scaffold height and complexity, self-supporting or non-destructive scaffold design, high-capacity platform or hoisting requirements, and work involving historic structures or other sensitive sites.

To help establish the relevance of each project, Quoters must explicitly describe how their past projects demonstrate the capability to:

- Design and erect heavy-duty system scaffolding to approximately **100 feet in height** or greater.
- Utilize **self-supporting, non-destructive designs** that require zero drilling or anchoring into the structural substrate.
- Safely manage high-capacity load requirements (e.g., platforms holding 3,000+ lbs, heavy hoist integration).
- Operate within historically sensitive sites (such as National Historic Landmarks), environmentally protected public lands, or high-visibility public spaces.

For this factor, also include any ratings, letters, awards, etc. that support successful past performance on these projects. Any of this information that is submitted shall clearly identify to which of the submitted projects it pertains. A sample Past Performance Questionnaire (Attachment 5) is attached for your convenience. If used, the Past Performance Questionnaire (PPQ) may be submitted by the quoter with the quote submission or sent directly to the CO by the reference at sarah_ignacio@ibc.doi.gov if it is received by the CO prior to the due/date and time for the quote. For each project, the quoter may provide information on problems encountered on the identified contracts and the quoter's respective corrective action.

## VOLUME II, SECTION 1: PRICE ASSUMPTIONS

Quoters must indicate, in this section only, if any price-related assumptions have been made, conditions have been stipulated or exceptions have been taken with the RFQ as written. If not noted in this volume and section of the quote, it will be assumed that the Quoter's quote reflects no price assumptions for award and agrees to comply with all of the terms and conditions set forth herein. It is not the responsibility of the Government to seek out and identify assumptions, conditions, deviations, or exceptions buried within the Quoter's quote. Accordingly, any price-related assumptions listed in any other volume or section will be null and void.

Any exceptions taken to the terms and conditions of the RFQ must be stated in this Section. Quoters are advised that any exception taken to the terms and conditions of the RFQ may adversely impact its evaluation. Any assumptions/exceptions that are considered unacceptable by the Government and cannot be resolved may result in the Quoter being removed from further consideration.

**VOLUME II, SECTION 2, FACTOR 3: PRICE QUOTE**

The quoter shall complete and submit Standard Form 1442 and Pricing Spreadsheet. Both of these forms are included in this solicitation.

The price quote shall be a separate volume from the technical quote. There is no page limit on the price quote.

To Quoters in providing conforming price quotations and to promote standardization across submissions, the Government has provided the Pricing Spreadsheet (Attachment 2) that must be used by the Quoter. The price quotations must include totals and subtotals for all columns and rows of data.

**Quoters must leave the Pricing Spreadsheet in the same format when submitting the price quote. Failure to use the format as provided may be viewed as unacceptable and the Quoter may be removed from consideration for award.**

**VOLUME II, SECTION 3: EVIDENCE OF ABILITY TO OBTAIN BONDING**

Bonding Capability. Submit information showing quoter's ability to be bonded for this project. Include the name, address, and telephone number of the quoter's bonding company.

## Section M – Evaluation Factors for Award

### 52.212-2 Evaluation—Commercial Products and Commercial Services - RFO Deviation (Mar 2026)

(a) Evaluation Factors

The Government intends to award to a contract resulting from this solicitation to the responsible Quoter whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers and are described in more detail below:

1. Technical and Engineering Approach
2. Past Performance
3. Price

***EVALUATION:***

The Government intends to award a purchase order using the procedures in RFO Deviation 12.203 to the responsible Quoter whose quote, in conforming to the RFQ, provides the overall best value to the Government, considering technical evaluation factors and price.

In addition to the evaluation of technical merit, the cost, or price, and other factors, the quoter's responsibility as set forth in FAR 9.104-1, will be examined and considered.

The Government anticipates selecting the best-suited Quoter from initial responses, without engaging in exchanges with Quoters (however the Government still reserves the right to conduct exchanges with Quoters). Therefore, Quoters are strongly encouraged to submit their best technical solutions and price in response to this RFQ.

Once the Government determines the Quoter that is best-suited (i.e., the apparent successful Quoter), the Government reserves the right to communicate with only that Quoter to address any remaining issues and finalize a purchase order with that Quoter. These issues may include technical and price and can require revisions to either the technical or price quotations. If the parties cannot successfully address any remaining issues, as determined pertinent at the sole discretion of the Government, the Government reserves the right to communicate with the next best-suited Quoter based on the original analysis and address any remaining issues. Once the Government has begun communications with the next best-suited Quoter, no further communications with the previous Quoter will be entertained until after the purchase order has been awarded. This process will continue until an agreement is successfully reached and a purchase order is awarded.

NOTE: Contractor support personnel may provide clerical support during the evaluation process. They will not be voting members of the Technical Evaluation Committee, they will not have any influence on the award decision, and they will be required to sign non-disclosure agreements.

The evaluation factors are listed below in descending order of importance:

| | |
|---|---|
| **1st Order of Importance:** | **FACTOR 1:** Technical and Engineering Approach |
| **2nd Order of Importance:** | **FACTOR 2:** Past Performance |
| **3rd Order of Importance:** | **FACTOR 3:** Price |

For the purposes of this evaluation, the non-price factors (Factors 1-2), when combined, are more important than price. (Factor 3).

The Government will evaluate the quotes submitted and assign a confidence rating to Factor 1 and Factor 2, which will represent the Government's level of confidence in the Quoter's likelihood of successful performance. The confidence rating definitions are listed below:

| **Confidence Rating Definitions** | |
|---|---|
| HIGH Confidence | Quote presents a high likelihood of successful performance with little to no potential for disruption to schedule, increased cost, and/or degradation of performance. |
| MODERATE Confidence | Quote presents a moderate likelihood of successful performance. Can potentially cause disruption to schedule, increased cost, and/or degradation of performance. |
| LOW Confidence | Quote presents a low likelihood of successful performance. Is likely to cause disruption to schedule, increased cost, and/or degradation of performance. |

The following criteria will be used to evaluate the quotes received.

## VOLUME 1, SECTION 4: FACTOR 1: TECHNICAL AND ENGINEERING APPROACH

The Government will evaluate the quoter's responses to the three subfactors (A, B, C) under Factor 1 to determine its level of confidence that the Quoter understands the requirement as a whole and can successfully perform the work in accordance with the SOW and required schedule. As stated above, Subfactors A through C will be considered together and used to assign one overall confidence rating for this factor. Each subfactor will be evaluated as stated below.

## SUBFACTOR A: SCHEMATIC SCAFFOLD PLAN

The Government will evaluate the schematic scaffold plan to determine the extent to which the Quoter demonstrates its understanding of, and its ability to perform the requirements of the RFQ, including the SOW.

## SUBFACTOR B: ABILITY TO MEET INSTALLATION DATE

The Government will evaluate the extent to which the Quoter demonstrated the ability to meet the mobilization and demobilization dates listed in the SOW.

## SUBFACTOR C: MOBILIZATION AND SITE PROTECTION

The Government will evaluate the Mobilization and Site Protection Plan to determine the extent to which the Quoter demonstrated the ability to perform the requirements as described in the RFQ, including the SOW.

## VOLUME 1, SECTION 4: FACTOR 2: PAST PERFORMANCE

The Government will first evaluate the recency of each submitted project as defined in the instructions for this factor, and as submitted in response to Submission Requirements in Volume I, Section 4: Past Performance – Factor 2. After the recency determination of the submitted project, by the evaluation team, the Quoter's past performance of the project will be evaluated for relevance. A submitted project is considered recent if completed within the last five (5) years as of the solicitation due date. To assess relevance, the Government will evaluate the degree to which each project submitted is of similar scope, complexity, and historical sensitivity to this requirement.

To determine relevance, the Government will evaluate the degree to which the past projects demonstrated the capability to:

- Design and erect heavy-duty system scaffolding to approximately **100 feet in height** or greater.
- Utilize **self-supporting, non-destructive designs** that require zero drilling or anchoring into the structural substrate.
- Safely manage high-capacity load requirements (e.g., platforms holding 3,000+ lbs, heavy hoist integration).
- Operate within historically sensitive sites (such as National Historic Landmarks), environmentally protected public lands, or high-visibility public spaces.

**Past Performance:** The Government will review how well the quoter performed on those projects. The Government reserves the right to check any or all cited references to verify supplied information and to assess owner satisfaction. In addition to the information submitted by the quoter or the submitted PPQ, the Government reserves the right to review any other sources of relevant information for evaluating past performance, including projects other than those submitted by the quoter. The Government reserves the right to review past performance information including Contractor Performance Assessment Reporting System (CPARS), using all CAGE/Unique Entity Identifier numbers. Other sources may include, but are not limited to, past performance information retrieved from inquiries of owner representative(s), Federal Awardee Performance and Integrity Information System (FAPIIS) in SAM.gov, Electronic Subcontract Reporting System (eSRS), and any other known sources not provided by the quoter.

For this factor, also include any ratings, letters, awards, etc. that support past performance on these projects. Any of this information that is submitted shall clearly identify to which of the submitted projects it pertains. For each project, the quoter may provide information on problems encountered on the identified contracts and the quoter's respective corrective action.

## VOLUME II, SECTION 2, FACTOR 3: Price Quote

The price will be evaluated for fairness and reasonableness through the use of a price analysis.

## VOLUME II, SECTION 3: EVIDENCE OF ABILITY TO OBTAIN BONDING

This information will not be rated. See FAR Part 28 for information related to bonds.
